

33100 Assignments, Week 33

Write for five minutes every day

as many short simple sentences as you can, all in the perfect tense (both ने and nonने verbs).

Challenge yourself to break your own previous record for number of sentences written. So keep them simple and keep talking to yourself so you'll get the practice that makes them come quickly and easily.

Talk to Yourself

Focus this week on talking to yourself about what you just did, or what you did today, i.e. using the perfect (often called 'simple past') tense. Continue to include comparisons and similes using जैसा, जैसी and जैसे . And continue to talk about what you're doing (खा रहा हूँ), what you 'already' did (खा चुका हूँ), what you can do (खा सकता हूँ), what you will do next (खाऊंगा) etc
